

Advisory board members at the 2017 Pro Bono Fun Run organized by the Pro Bono Associate Advisory Board.

In the spring of 2015, LSNYC created an advisory board for its pro bono efforts. The board consists of associates from large law firms in New York City. The board provides strategic advice to the program, generates support for pro bono projects at their law firms, and participates in a range of activities to further the mission of the organization. Our board is actively holding meetings and convening

subcommittees on a range of topics.
