Bronx Legal Services seeks a dynamic Project Director to lead a committed staff of 152 in providing free, high-quality, high-impact civil legal services to and achieving social, racial and economic justice for low-income clients and communities.

**About Us:**

Bronx Legal Services (BxLS) is part of Legal Services NYC (LSNYC), the largest provider of free civil legal services in the country. The Bronx Office provides high quality free legal services in the areas of foreclosure prevention, community economic development, eviction defense, tenants' rights advocacy, family law and the protection of domestic violence survivors, public benefits, employment, immigration, consumer rights, education, and disability and serves LGBTQ individuals. While meeting these basic needs, BxLS brings significant financial resources into a desperately poor and underserved community, promoting the health and stability of the neighborhoods it serves. We seek equal access to the legal system for low-income residents of the Bronx through a range of legal advocacy, education and community partnerships.

After more than doubling in size in the last four years, BxLS is now poised to dramatically increase its impact across all practice areas, including Immigration, Family Law, Tenant and Homeowner Rights, Disability Law, Education and Veterans Justice.
